

Environmental Specialist Corpus Christi, Texas

Position Summary: The Environmental Specialist is primarily responsible for ensuring the Company's compliance with applicable environmental programs.

Key Responsibilities:

- Knowledgeable in local, state, and federal environmental regulations applicable to bulk liquids terminals, pipelines, marine, and rail loading.
- Expertise in Company air, waste, and wastewater requirements and compliance.
- Manage Company's waste management program including maintaining waste profiles, reviewing shipping manifests, inspecting waste containers, and ensuring proper disposal.
- Manage Company's wastewater permits and ensure compliance by obtaining appropriate samples and completing monthly DMR.
- Manage Company's air permits including updating emissions inventories, performing emission estimates, facilitating Title V deviation reports, and managing LDAR program.
- Prepare and submit timely regulatory reports and documentation as required by regulatory agencies including emissions inventory, Tier II and annual waste.
- Train and coach employees and local supervisors in Company compliance policies, programs, and procedures related to air, waste and wastewater management.
- Work closely with local leadership to facilitate field compliance with established procedures and practices.
- Identify and communicate compliance requirements and risk to Company leadership. Recommend control measures as appropriate.
- Prepare for and participate in scheduled and unscheduled audits and inspections by external regulatory agencies.
- Conduct internal compliance audits and present results to leadership.
- Participate in drills as required by spill response and emergency response plans.
- Track, analyze, interpret, and present compliance performance data to employees and leadership on a regular basis.
- Maintain current, accurate, and complete records.
- Participate in incident investigations, MOCs and workplace assessments. Ensure timely closure of action items.
- ***Terminal is 24/7 operation. HSE Specialist will be on call and may need to report to the terminal to assist with emergencies or unplanned events.***
- ***Must be able to work in a collaborative environment both on-site and remote which will include participation in unscheduled discussions on an as needed basis.***
